ORGANISATIONAL VALUES

Values that guide each and every interaction we have with students, staff and stakeholders

**Authenticity**
We do not pretend. We do not have false friends or colleagues. We are warm and genuine and understand that robust discussions aim to support openness and growth.

**Clarity**
We speak to the facts. We do not create mythology based on incorrect information. We verify the data and we act in the interests of clarity.

**Embodiment**
We teach, support, live and breathe natural medicine and wellbeing. Be the contributions large or small, we consciously find ways to contribute to an holistic approach in everything we do.

**Happiness**
We value positivity, joy, encouragement and strive to be in the moment. We affirm our own actions, those of others and the organisation.

**Student Centricity**
All students are central to our existence. We work to engage and satisfy our prospective, current and past student like no other tertiary institution.

**Responsibility**
We take personal ownership of our actions. We do not blame others. When we commit – we follow through. We model the very best in ethical conduct.
